District 12 FWUA Holds Successful Convention

On April 18, an FWUA Conference was held for all ladies in District 12 in the Legion Hall in Vulcan. Two carloads of ladies from Pincher Creek attended and also two carloads from East Longview.

Over 55 ladies registered for the entire day, but several more came in the afternoon. A delightful noon-day meal was served by the ladies of the Eastway Social Club. Each local brought shortbread or cookies for tea, while Berrywater ladies convoked the serving.

Interesting reports of locals were given during the morning. These were climaxed by an excellent report on Mental Health by the alternate FWUA director, Mrs. Archie Hogz of High River.

"Morning Thoughts" given by Mrs. R. F. Williams of Arrowwood gave an inspiring note to the beginning of the day.

After dinner speakers were Dr. A. D. Tompkins and Doug Galbraith of Vulcan.

Dr. Tompkins gave a very worthwhile talk on "General Health" which touched on many things important to all. He also stressed the need for everyone having a good outlook on life, with each having a real concern for his fellow-man.

Mr. Galbraith stressed the need for a strong farm organization, with each member feeling his or her responsibility towards keeping the work active.

In the afternoon, A. Aldridge, supervisor of Child Guidance, from the Department of Education, Edmonton, stressed the need for children securing as much education as possible before they embark into the world. Parents were urged to take an active interest in school courses to find out which ones their children were best suited to take. Many scholarships and bursaries are offered to students but more publicizing of this needs to be done by principals and school authorities.

Mrs. Braithwaite of Red Deer, 1st vice-president of the Provincial FWUA said that work and guidance with the Indian people is still very necessary.

She spoke on the efficient way in which the resolutions are dealt with at the Alberta Federation of Agriculture Convention and also touched on the great progress which has been made in the Canadian Federation of Agriculture, by having delegate representation at the convention.

Mrs. George Randall of High River headed the resolutions committee. A resolution requesting that the three semester system be continued at the Composite School at Red Deer, was passed.

A resolution was sent to the Hon. Mr. Fleming, protesting the discrimination against Farm Women in regard to Succession Duties.

The women voted to hold their conference in Claresholm in 1959. The theme of Scotland, the

Baseball Franchise Dropped

Lengthy Schedule Forces Elks Out of Ball League

A 50-game schedule that would have carried regular play in the Southern Alberta Baseball League through to the end of August, extending the playoffs well into September, has forced Vulcan Elks to drop out of the league this year.

The original schedule would have seen regular games completed by the middle of August—an important factor in a farming community where game attendance drops sharply as soon as harvesting gets under way.

Elks had a complete team of Canadian and American players lined up and were assured of sufficient financial support to complete the season as originally scheduled. In withdrawing from the league at this time Elks have forfeited their \$100 entry fee and their franchise now becomes the property of the league.

Had league officials agreed to revert to the original 40-game schedule, Vulcan was all set to play, but the request was refused although dropping of the league membership to five teams means that a new 40-game schedule will now be drawn up. Teams remaining in the league are Calgary, Lethbridge, Granum, Medicine Hat and Vauxhall.

Walter - Larkins Wedding Rites

A wedding of local interest took place in the Grace Evangelical United Brethren Church at Vulcan, April 12, at 2:30 p.m., when Yulonde Rose Larkins, daughter of Mr. and Mrs. Edmund Larkins of Vulcan, became the bride of Lyle Earling Walter, son of Mr. and Mrs. Harvey Walter of Bowness.

The Rev. P. A. Wildeman officiated at the double-ring ceremony.

Given in marriage by her father, the bride entered the church to the strains of the "Wedding March" played by Mrs. Wildeman. For her wedding ensemble, the bride chose a cocktail length gown of white chantilly lace and net over satin. The bodice with lily-point sleeves, featured seed pearls and sequins. She wore a fingertip veil of silk illusion net, held in place by a tiara of sequins and pearls and carried a white Bible with streamers entwined with sweetheart roses.

The maid of honor, Florence Larkins, sister of the bride, wore a cocktail length gown of yellow net over taffeta with matching head piece. The bridesmaids, Mary Maclean and Ruby McLeod were dressed in cocktail length dresses of mauve and blue respectively with matching head pieces. The three girls carried matching bouquets of pink carnations.

The groom was attended by his brother, Art Walter of Bowness. The guests were ushered to their seats by Alvin Larkins, brother of the bride and Alvin Hetcher of Saskatchewan.

Before the ceremony and during the signing of the register Faythe Wildeman sang "The Wedding Prayer" and "Oh Perfect Love."

Following the ceremony, a reception for 77 relatives and friends was held in the IOOF Hall. Receiving with the wedding party were the mothers of the bride and groom. Mrs. Larkins ensemble was green printed nylon with white accessories and a corsage of pink carnations. Mrs. Walter was attired in a navy suit with white accessories and a corsage of pink

Honor Student

Congratulations are extended to Mrs. Harris Caulfield of Lomond who graduated with honors among the top eleven in her class in the Faculty of Education closing exercises at the University of Alberta, Calgary Branch, on April 10th.

Mrs. Caulfield also received a certificate of outstanding merit in practice teaching in the Junior elementary program.

Cigarettes Taken In Armada Robbery

(Armada Correspondent) Thieves entered the Armada General Store, operated by Roland Hanna, last Sunday evening or early Monday morning, taking a large quantity of cigarettes and cigars and about \$10 in silver from the cash register, which was forced open.

Entry was made by drilling a hole in the front door and releasing the lock. RCMP are investigating.

Dietz - Thorstenson Wedding at Milo

DEITZ - THORSTENSON The Lutheran Church of the Good Shepherd in Lethbridge was the setting for a recent candle-light ceremony which united in marriage Miss Lucille Jeanette Thorstenson, daughter of Mr. and Mrs. Alfred Larson of Coaldale and David Alexander Deitz, son of Mr. and Mrs. Jack Deitz of Milo.

Pastor S. M. Nelson officiated at the double-ring ceremony. The organist was Mrs. S. M. Nelson and Mrs. Amy Northcott of Milo sang "Because" before the ceremony and "I'll Walk Beside You" following the ceremony.

The bride, given in marriage by her step-father, Alfred Larson of Coaldale, chose a floor-length gown of lace over nylon sheer and taffeta. The bride fashioned her gown with the assistance of the groom's mother, Mrs. Jack Deitz. Her finger-tip veil of illusion net fell from a sweetheart crown. She carried a bouquet of red sweetheart roses with white satin streamers, cascading from a white Bible, the gift of the groom.

Miss Joyce Thorstenson, sister of the bride, was maid-of-honor and wore a waltz-length gown of blue lace and nylon tulle. She wore a matching head-piece and carried a nosegay of pink and white carnations and mums. The bride's maids, Maxine and Marjorie Deitz, sisters of the groom, wore identical waltz-length gowns of aqua and yellow respectively, with head pieces to match and carried nosegays of contrasting carnations and mums. Miss Patricia Corey, cousin of the bride, who was flower girl, wore a floor-length dress of pink, with matching headpiece. She carried a nose-

Donald Deitz, his brother. Bill Deitz brother of the groom and Jim Thorstenson, brother of the bride, ushered the guests to their places.

The bride's mother chose for her daughter's wedding a dress of dusty rose and wore a corsage of yellow tea roses. The mother of the groom wore a beige dress with matching accessories and had a corsage of American Beauty roses.

A reception for well over 200 guests held in the basement of the church, Pastor S. M. Nelson, acted as master of ceremonies. R. I. Baker of Coaldale, former teacher of the bride, proposed the bridal toast to which the groom ably responded. The bride's table was centered with a three-tiered wedding cake topped by a miniature bride and groom. Other speakers were Gerald Berry, superintendent of High School's for Edmonton, principal during the bride's first teaching position at Coaldale; E. Beechman of Milo; C. H. Carson of Gleichen, the groom's teacher, and R. C. Umscheid of Milo, brother-in-law of the groom.

Out-of-town guests came from Milo, Three Hills, Trochu, Orion, Coaldale, Pincher Creek, Wetaskiwin, Edmonton and Calgary. Miss Sharon Phillips of Milo presided over the guest book.

For their honeymoon trip to Spokane and other points in the United States, the bride chose a beige-multicolored suit with yellow and beige accessories and wore a corsage of red roses. Upon their return the couple will reside in Milo.

Union Head Blasts Commission

Another example of US meddling in Canadian affairs is found in the outrageous attacks made by the head of the US-based Firemen's Union, H. E. Gilbert of Cleveland, Ohio, on the Kellock Royal Commission. This Canadian Royal Commission, appointed with the full approval of Parliament, has found that firemen are not needed in freight and yard service on the CPR. Mr. Gilbert, who doubtless feels that his own usefulness as a \$25,000-a-year official of the Firemen's union may be called into question as a result of the fact that new firemen will not be employed on the CPR when effect is given to the Kellock Royal Commission in May, has gone out of his way to hurl abuse, calling into question the competence of three of Canada's most respected judges who served on the Royal Commission.

No less shocking is the suggestion of this US union boss that Canadians have no right to discuss the diesel firemen matter publicly and in the press. Mr. Gilbert is critical of what he calls "trial" of the diesel case in Canadian newspapers. He clearly feels that such discussion should be stifled.

Attacks on the freedom of the press and the public's right to know the facts are to be deplored under any circumstances. Such attacks, coming from a union official at Cleveland, Ohio, and aimed at every newspaper, every editorial writer, and every interpretative writer in Canada, constitute an effort that Canadians are not likely to soon forget.

Liquor Advertising

Arising out of the current debate in the Alberta legislature on the matter of revision of the liquor laws, the highly controversial question of liquor advertising is again to the fore. Under regulations of the Liquor Board any form of liquor advertising is forbidden — yet the so-called "ginger ale" approach is a thinly-veiled evasion of those regulations and one which, under a democratic system of government, it is almost impossible to control.

As a member of different organizations which have studied this matter from time to time, we think the government should take some decisive action in the matter. We'd like to see some consistency in the policy. If it is wrong to advertise liquor (and we're not getting into that argument at the moment) why are the newstands permitted to carry magazines such as The Reader's Digest, which derives much of their revenue from this source, as do most of our other better-known periodicals? If it is not wrong to advertise liquor, why can't the whole problem be thrown into the laps of individual publishers — why should only those periodicals which are published in this province be penalized? We do know this if the matter were thrown wide open some publications would not accept such advertising even at premium rates. However, some of those publishers feel most strongly that the present system is an infringement of the rights of a free press — even although they would not carry such advertising they believe that it is a matter for the conscience of the individual publisher, not for government regulations, and we can heartily agree on that point. If, however, this is against government policy we would plead for a little consistency — banish completely those periodicals published elsewhere in Canada or in the U.S. unless they eradicate the advertising which is deemed objectionable. The present system is a shame and a delusion and represents on the part of the government a reluctance to face up to a consistent policy — and its consequences.

SNEAK KILLER

Any odor of exhaust gases noticeable in the car while the engine is running, should be investigated immediately by a reliable mechanic. It is possible for defective heaters, exhaust system or other mechanical faults to cause carbon monoxide to permeate the car. This gas is a deadly poison but is itself odorless, invisible and tasteless, and it may not be noticeable until too late for the victim to help himself.

THOUSANDS of farmers are switching to the HARROWEEDEER*

*The Farmhand-Melroe "Vibracoi" Harroweeder

With the multi-purpose harroweeder, you prepare a far better seed bed for better seed germination, then, do a much faster, cleaner job of weeding row crops with the same machine.

HERE'S THE REASON! Constant "vibracoi" action of the small-diameter teeth turns up the soil from underneath, uproots weeds, works out moisture-robbing air pockets. Teeth penetrate deeper, do not pulverize soil.

FAST, CLEAN ROW-CROP CULTIVATION—6 to 20 acres per hour, depending on tractor speed. Harrow sections reverse to give back slant for self-cleaning in trashy or rocky fields.

ONLY the Farmhand-Melroe Harroweeder has the patented 6-wrap "vibracoi" steel teeth, specially heat-treated to avoid bending or breaking. This is what does the job ... so don't be fooled by imitations.

In transport position sections ride on quick-folding drawbar, which passes through any gate, trails easily. A size for every farm, from 15 to 55 ft.

DEMONSTRATION PROVES IT—
COME IN NOW!

World's largest-selling chassis lubricant
it stays on the job!

Scientific farmers everywhere prefer Marfak chassis lubricant for their tractors, combines, trucks and cars. They give these 5 good reasons:

- 1 Marfak sticks to bearings and wear points better, longer.
- 2 Marfak seals out dirt and grit.
- 3 Marfak won't wash out, jar out, squeeze out.
- 4 Marfak prolongs life of bearings.

BROWN — BUCK

Bouquets of spring flowers decorated Claresholm United Church and white ribbons marked the guest pews on April 11, for the 4 p.m. ceremony, which united in marriage the former Charlene Frances Buck, the daughter of Mrs. Charlotte Buck, R.N., to Wayne Edward Brown, the son of Mr. and Mrs. Ben Brown of Carmangay. John Whiteside gave the bride in marriage and Rev. Oldring read the marriage lines.

For her wedding the bride chose a traditional bouffant gown of lace applique on net, complimented by a small cap veil. She wore lace gloves and carried a cascade bouquet of pink roses.

Attending the bride as matron of honor was Mrs. Barbara Brown. Bridesmaids were Colleen Whiteside, Donna Stange, Maxine Whiteside. They were gowned alike in pink waltz-length dresses of crystalline, fashioned with back fullness and they all carried mixed bouquets of daisies, irises and roses. Mary Buck was flower girl.

Don Brownell was best man and ushers were Messrs Benny and Dick Brown and Gordon Miffin. Mrs. Oldring sang "True Love" during the signing of the register.

Following the ceremony a reception was held in the United Church hall which was decorated in the bridal theme of pink and white. Mrs. Buck, mother of the bride, chose a silver blue sheath with pink accessories and a corsage of same shade; Mrs. Brown, mother of the groom chose a copper taffeta sheath with beige accessories accented by a corsage of pink roses.

The next meeting will be held at the home of Mrs. Betty Kryzanowski and Mrs. Marion West offered to be church cleaner for May. It was moved by Mrs. Betty Kryzanowski that the Altar Society be dissolved. The president requested that Miss Kirby take over the meeting.

Miss Kirby commended the Altar Society for the wonderful work they have been doing as an Altar Society. Election of officers then took place and the following were elected: President, Mrs. Helen Hubka; vice-president, Mrs. Josephine Letal; secretary-treasurer, Mrs. Beulah Hubka; councillors, Mrs. Priscilla Szekely and Mrs. Betty Kryzanowski.

Maybe we should forget the weather for this week as I don't think there is anything good about it. Unusual low temperatures still prevail and residents continue to shiver with cloudy skies, snow showers and brisk bitter cold winds. Sunny South Alberta?

A good number of men turned out on Sunday of last week to work on the community race track. It is surprising what can be accomplished when so many men get together and we hope their efforts will be well awarded. Grass has been already seeded and posts were driven into the ground around the race-track. Although everything is not yet completed, it will be in the very near future and with the co-operation of the weatherman, we hope to see some good old horse races just any day.

Mrs. Madeline Severson spent the weekend at her home in Enchant.

The district last Tuesday morning was covered with a good blanket of fluffy snow which melted making several ungraveled roads rather muddy. Spring operations have been very slow this year with only a few farmers getting onto their land to prepare their fields for seeding. No seeding has yet been done. Several residents have already received trees from the county for spring planting so now we wait for some co-operation from the weatherman.

Shower Honors The Bennett Twins

Mrs. Raymond Beagle was hostess recently at a lovely shower in honor of the twin daughters, Colleen and Marla of Mr. and Mrs. Irwin Bennett.

A dainty lunch was then served by several ladies bringing a lovely afternoon to a close.

Shower Honors Mr. and Mrs. James Scouler

Mr. and Mrs. James Scouler (nee Jeanette Kunkel) of Red Deer were honored guests at a miscellaneous shower held in the Armada Memorial Centre on Saturday evening. Entertainment was dancing to the music of Alex Fraser.

During the evening a gaily decorated table laden with many lovely and useful gifts for their new home was presented to the honored guests by Mrs. Grace Marks with best wishes for a happy married life on behalf of their many friends. Jeanette and Jamie expressed their appreciation of the many gifts they received, inviting everyone to visit them when in Red Deer.

Assisting in unwrapping the gifts were the bride's mother, Mrs. I. Kunkel and the bridal attendants. A lovely lunch was then served by several members of the Armada Community Club.

Canadian history shows that the country's progress has always been closely identified with the advances in rail transportation. The year 1957 was no exception as both C.P.R. and C.N.R. opened up new areas of mineral exploration by provision of new rail lines.

MAJORVILLE

Mrs. Bud Groves of Wardlaw was a guest for a few days during the week at the home of her parents, Mr. and Mrs. Bob Scott.

Mr. and Mrs. Ray Wellman arrived home this week after spending the winter in Palm Springs, Calif.

Alex Hagg and his mother were visitors to Lethbridge last week to visit the latter's son-in-law, Jan Oliver, of Coaldale who is a patient in the Lethbridge hospital, where he underwent an operation recently. Then on Saturday, Mrs. Hagg left for Edmonton, where she was called owing to the illness of her mother.

Best birthday wishes are sent to George Greaves of Calgary who passed his 77th milestone on April 21.

The cold, damp weather is still with us and although some pre-seeding, cultivating and blading has been done no one has had courage to start seeding of grain. Alfred Vinje seeded some alfalfa last week, but that is the only report of any seeding in the district.

The good neighbor policy was in evidence last Friday when a number of neighbors turned out at the site of the new Majorville store to help Lee Francis run cement for the basement. On hand were Russell Mills, Junior Bertschy, Hugh Winch, Marvin Winch, Alex Hagg and Bert Clemmons. Mrs. Hugh Winch cooked the meals and served them in her home for the local men. Mrs. Hagg and Mrs. Lewis Greaves sent pies for dessert, so it is good to know that despite progress and modern ideas the good neighbor policy of the old west still carries on.

The April meeting of the Milou-Queenstown-FWUA was held at the home of Mrs. Alvin Godkin with sixteen members and visitors in attendance. As the business of the March meeting had to be held over there was two month's correspondence to take care of, in view of this Mrs. Gilbert Voors read all the correspondence and bulletins. It was more or less a routine meeting. Lunch hostesses were Mrs. Stanley Godkin and Mrs. Gilbert Voors assisted the hostess to serve a lovely lunch. The next meeting will be at the home of Mrs. G. Voors and it is expected there will be someone on hand to talk on horticulture and corresponding subjects.

A link with the early days of Majorville was served last week when an auction sale on the farm of Mr. and Mrs. Alvin Godkin disposed of their farm equipment. Alvin recently sold his farm to Bill Gooch and Mr. and Mrs. Gooch who have now taken up residence on the farm. For the present Mr. and Mrs. Godkin have taken up residence in Vulcan. Another farm in the district changed hands lately when Harvey Godkin purchased the farm of his brother Earl. Earl and his family moved to the Rocky Mountain House district some twenty years ago and until now Earl has returned each season to work his farm. The best wishes of the folks of Majorville are extended to the Godkins for the future.

NOT NEW

The United States ban on car sales by a Canadian company to China may be the first of its particular kind. But, says The Financial Post, the fact is that for most branches of U.S. firms located in Canada, the American head office tells the branch where it may and may not attempt to sell its goods.

The situation is not new. It's just much bigger now because of

the enormous growth in American control over Canadian business.

The Gordon Commission has said: The problem of fast increasing foreign control of Canadian business and resources "will not disappear merely by hoping it will go away. To do nothing may be the worst decision of all."

The province of Saskatchewan has nearly 100,000 square miles of occupied farmland, about one-third of the national total.
